Bug 1

1. Drag a piece onto 1 of the 4 available slots
2. Drop it
3. Drag another piece onto the same slot as the first
4. Drop it
5. Piece will reset to the 'puzzle-pieces' section (rather than disappearing

Bug 2

1. Target the pieces on the board (JavaScript purposes)
2. Click on a puzzle thumbnail other than the one you're on
3. Once clicked, puzzle is reset
4. Playing board is cleared
5. Start a new puzzle
